

The image features a large, ornate roulette wheel with a golden ball resting on the number 34. The wheel is set against a dark, starry background with several golden coins scattered around. The text "GOLDEN BALL ROULETTE" is prominently displayed in large, gold-colored letters at the top left. Below the wheel, a smaller image shows a roulette table with a screen displaying the game interface. The text "Golden Ball Roulette" is followed by a descriptive paragraph: "is an exciting twist on the classic game, featuring a special golden ball that appears at random intervals." Another paragraph states: "This unique, standalone game lets you enjoy traditional Roulette with the added thrill of a mystery side bet." A "GameSense" button is located at the bottom of the text block.

HOW TO PLAY

1. Place a minimum side bet on the Golden Ball Mystery side bet.
2. When the bet timer runs out, your side bet is locked—indicated by a padlock icon on your chip.
3. Four random numbers will be displayed on the G O L D sign in a slot-machine style.
4. The Roulette game proceeds as usual, with either a white ball or a golden ball being launched.
5. If the winning Roulette number matches one of the G O L D numbers:
 - a. *White Ball Launched: The side bet is pushed (returned).*
 - b. *Golden Ball Launched: The side bet wins.*
6. If the winning number does not match any of the G O L D numbers, the side bet is lost.
7. All other Roulette bets are paid as normal.

Try your luck with **Golden Ball Roulette** and experience the thrill of an unexpected win!
